THOSE TWO MAJESTIC walnut trees at the railroad tracks (Harrison and Campbell Ave.) have now become an integral part of the masthead of this newspaper.

It took us some time to find a landmark that would identify Campbell. But we think the trees will do the job nicely. Just try to name another landmark that could serve our purpose, and you will see what we mean.

We are pleased to note that the new masthead seems to have met with approval of our readers, although "Parky" Parker, of the City Barber Shop, reported that one of his customers had been puzzled by it.

"I didn't know", the guy told "Parky", "that there were two big trees by The Campbell Press building. But they do look familiar. It looks like Clark's Drugs in the background."

Maybe landmarks have to grow on people.

To continue on the tree plane, Parky refers to this column as "up a tree" instead of "out-on-the-limb".

Maybe he is referring to our BRANCH office.

BUT BACK TO TREES--Last week Councilman Ed Rogers, who is a strong plugger for trees in town, wrote us a letter commending the use of the two walnut trees.

In his letter Ed wrote: "I don't believe you could have chosen anything more symbolic than those two giant trees that are far older than most of us living today".

"As you know," Dr. Rogers continued, "the Campbell City Council has taken action within the last year to preserve them as a city landmark. Your thoughtful gesture now caps the action..."

Thanks, Ed, for those kind words.

We also wonder if there is anyone around now who could help furnish us with the answer that the councilman also posed. What is the history of the trees?

Now that both The Press and the city have made community property of 'em, any background information would be useful.

ALONG WITH PERSONNEL changes and some unforeseen casualties, things have been sort of jumping at The Press this summer.

Under the guidance of Shirley Hess, circulation manager, and Kurt Ritter, recent graduate of Claremont who will attend the graduate school at Indiana University this fall working toward his doctorate, an ambitious circulation campaign has been launched.

The more than 40 carriers are enthusiastically competing for prizes and special trips. They are doing wonders to the sub-

"Der Wienerschnitzel" slows zoning change

'Der Wienerschnitzel' just might complicate traffic conditions too much on Winchester Blvd., members of the Planning Commission figured Monday night in deferring action on a zone change request for that busy street.

Ernest Gong-Guy, M.D., had applied for zone change from R-1 (residential) to C-2-S (commercial) for three parcels on Winchester Blvd. just north of the Campbell High School property and across the street from West Valley College.

In his letter with his application Dr. Gong-Guy had indicated that it was his intention to build two drive-in type restaurants on the property. They would be leased to 'Der Wienerschnitzel', a firm specializing in different types of sausages and hot dogs. One of the restaurants would carry a complete line of Spanish foods.

Planning Commission members indicated that they recognized that Winchester Blvd. was becoming commercial all the way and the zone change was in line with this thinking.

But what concerned the commissioners was the drive-in type of business that was contemplated. They felt that drive-ins would compound the already involved traffic flow on the street.

Under a new ordinance that is set for hearing on August 2, tighter controls on drive-ins are contemplated. The new regulations, if adopted, could prohibit such activities on certain streets. With this in mind, on the motion of Commissioner Frank Klein, the commission unanimously deferred action on the zone change request until the August 16 meeting.

At the same meeting the commission approved the request of W. E. Richardson, of 1550 La Pradera Drive, for a rotating, double-faced illuminated sign for his bike shop. The overall height of the sign and the building will be 45-feet. The sign would be 100-feet back from the front property line and the applicant explained that the height was necessary because of other signs in the area.

Planning Director Dick Hogan had recommended a single-faced non-rotating sign facing Campbell Ave. but the commission went along with its architectural approval committee, headed by Jim Tomlinson, which

Police form under water rescue team

Campbell police are getting prepared to go under water.

Police Chief John Morgan reported this week that a four-man under water rescue team has been organized in the department because of the increasing number of percolation ponds in the area.

Campbell also plans with county aid to develop the new Marina Park on Los Gatos Creek which will add to the possible hazards in the water.

Chief Morgan explained that it was felt necessary to insure that trained rescue personnel and facilities are available. He also emphasized that department personnel will continue to concentrate on preventive measures in patrolling the areas.

Sgt. Larry Kelly will head the under water rescue team, composed of those officers who are expert in the water. The other members of the team, the first in this city's history, are Robert Wallace, Delton Perry, and Gary Thompson.

Chief Morgan said that the team will undergo special training in skin diving and other water activities. He added that life saving equipment will be procured and will be carried by all the patrol units.

A portable life raft will be placed in use and will be available to the under water team.

Tot drowns

A Campbell child drowned last week in the backyard pool of the family home. She was Renee Smith, 3, daughter of Mr. and Mrs. George Smith of 3885 W. Rincon Ave.

"Doc" Arends heads high school board

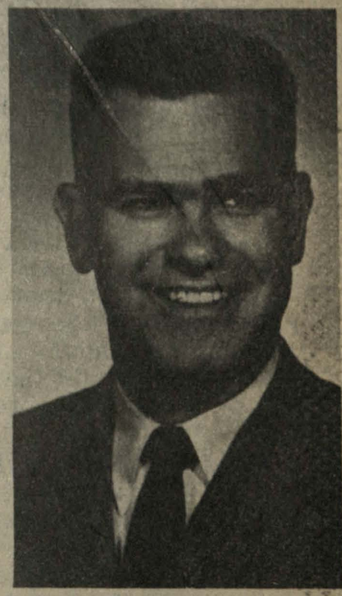
Emerson M. (Doc) Arends, president of the Campbell Lumber Co., has been unanimously elected to a third term as chairman of the board of trustees of Campbell Union High School District.

Action came at the annual organization meeting of the board last week.

James Gillespie was re-elected clerk of the board, and also named representative to the County Committee on School District Organization.

Vernon R. Rutlen was named vice-chairman of the board, and Supt. Laurance J. Hill was again named secretary.

Arends is beginning his 14th year as a board member. He is a graduate of San Jose State College, where he served as president of the Associated Students. He is a member and past president of the Campbell Rotary Club; past president of the San Jose State College Alumni Association, and a member of the advisory boards of both San Jose State College and West Valley College.



'DOC' ARENDS

Gillespie is a former teacher at Camden High School, and is in his third year as a board member. Rutlen was appointed to the board last year to fill the vacancy caused by the death of Joseph V. Gomes, and was elected in April in his own right.

-- But all of us have to go some time---

The wooden letters "PRESS" that have served to designate The Campbell Press building since its construction in 1950 have been replaced with a modern, illuminated sign. The weather-beaten wooden letters, it was felt, had already given the best years of their life to this newspaper. But it was with a touch of nostalgia that we watched 'em go.

Editorial

Which way to go

Last week's editorial posed the question of whether the Old Settlers celebration should be continued.

We raised the point of whether the community as a whole wanted such an event. We wondered how we could find the answer to that question.

The editorial explained that Chamber of Commerce officials before, during and after the celebration have been devoting so much time to the event that other basic functions of the C. of C. have suffered.

The C. of C. has sponsored the event for a number of years, simply because no other community organization desired to accept the responsibility.

We suggested also that perhaps it could be made a full-fledged city function but we recognized that this involved a legal question which we could not answer.

But the only issue evolves around the fundamental point of whether the Old Settlers celebration is worth the chip, both of time and money.

It has been argued that the celebration has a long and eventful history and the fact that it is the second oldest in the state should be worth something, from a tradition point of view, if nothing else.

It also has been emphasized that, even as it has been operating in recent years, the celebration is self-supporting and it could be more so, if it were expanded.

This is all well and good. BUT, if the community does not care one way or another, it would seem rather ridiculous to continue to shed the blood, sweat and tears that are necessary to put it over even half-way successfully.

The reaction to the editorial was not earth-shaking or even Campbell-shaking.

True a few people commented that it was a good idea to get the citizens reaction. But few offered any suggestions as how these grass roots opinions would be ascertained.

One party suggested that The Press run a questionaire with a coupon to be returned.

We agree that this is a possibility. We would be more than willing to offer this service, if we felt that we would get the proper reader response in order to gain some idea of the overall feeling of the residents.

But such surveys are useless, if the response is inadequate.

So we are quite skeptical about such a questionaire on Old Settlers, especially in view of the apparent apathy of the residents that has been the vogue during the past years.

There does not seem to be any enthusiasm one way or another on the part of the majority of the residents.

That there is considerable work involved even in producing the event on its current plane is obvious.

It is also evident that some organization must take the lead in sponsoring the event, if it is to continue.

Now that the Chamber of Commerce has indicated that it wants to back off from it, it looks to us that the death knell has sounded for the event, unless some civic body volunteers to take it over.

It has been suggested that the Junior Chamber of Commerce could get in the saddle and ride off with the Old Settlers festivities. The Jaycees could do it, and at a profit, we think, provided they get the cooperation of other community organizations.

But we again get back to the original premise. Does the community as a whole desire for the traditional event to continue?

If it is felt that there was enough community interest to warrant the continuance of the celebration, where could the present program be expanded and improved to allow for more community participation?

We realize that maybe we are not helping matters by throwing out all these questions. We could be accused perhaps of complicating matters by these questions.

Why not let Old Settlers die a natural death without any effort to revitalize it.

But we have long maintained that every community needs a community-wide event annually to maintain its identity. We have said that the Old Settlers celebration offers, because of its age, if for nothing else, a base from which to start.

But the people themselves must indicate their feeling. Otherwise how can a community-wide event be classified as community-wide?

We, therefore, emphasize that until we get some semblance of feeling one way or another from the general public, it is difficult to know which way to jump.

How about doing something about it?

Food stolen

Reports from the field indicate something that we have long known. Most people are basically nice and they treat the youngsters courteously.

AS A FOR INSTANCE, one of the carriers, Sam Lo Boue, of 1495 Theresa, had a real trying experience when he went to collect from a subscriber. Although the paper had been delivered regularly to the place, the man of the household raised holy-Ned.

Using vile and profane language, he refused to pay the two-bits and proceeded in no uncertain terms to inform the youngster not to come on the place.

The shaken youngster, never having experienced such a display, informed his mother, Mrs. Joe Maniglia, who in turn visited the party. She was given more of the same rough treatment at a more violent pitch to such a degree that she could, if she desired press charges.

Mind you, this was over two-bits.

Naturally we boiled when we heard about it.

If a person doesn't desire the paper or if he wants to vent his spleen, tell us about it. Up to a point we are hardened to such antics. It will affect us only on a temporary basis (say about five minutes).

But it is not fair, in our book, to give the kids such a bad time.

They have their whole lives before them. They could get the wrong impression which could sort of mar 'em in their future relations.

And there are, as we said in the beginning, too many decent people in this world to allow that to happen.

OTHER ACTION at The Press this summer included taking some long-awaited dressing up measures, including, as you will note by the pictorial spread, the replacing of the 15-year old wooden letter "PRESS" sign with a modern lighted one.

The old sign did valiant service over the years. But some of the letters showed the effect of the ravages of wind and just plain old age, like us all. Some of the letters had a difficult time standing up straight and had been patched and glued in places. Again like us all.

Partitions have been placed for a new office and a new counter has been added, desks have been rearranged and, in general, things have been in a turmoil.

But we all feel that the changes will be a great improvement.

They had better be.

Otherwise we are going over the hill.

Letters to the Editor

Campbell Press
Dear Sir:

Something has occurred in our area that can not help but hurt the area and I can not really understand why it happened.

Simply, we lost our post office to a brand new fancy shopping center located a typical stones throw from another brand new post office.

Did we lose it because the good people at the San Tomas Cleaners had become weary of the extra work, and possibly under pay? Weren't there any business people or someone else in our San Tomas Center who could have qualified to have maintained the post office?

It is the old feeling of we just lost our place on the map. The post office leaving our area will and probably the businesses in San Tomas center are already feeling the loss of business. Sure the new shopping center has a few fancy extras but it did not need our post office.

Now established in a brand new drug store, how many people who would have traded at the San Tomas drug store will now become customers of the other store, how many customers will the cleaners lose, the San Tomas Market will lose customers to the Mayfair.

I know this is like closing the door after the horse had been stolen but for an area trying to grow, trying to clean up, trying to establish nicer everything we just slipped back to the low rung on the ladder. I would like to know why we lost our post office and if there could possibly be anything done to qualify for a new post office.

High school district expects to cut tax 15-cents

Present plans call for a 15 cent per $100 assessed valuation tax decrease in the Campbell Union High School District, trustees of the district learned this week. Rates would drop from $1.55 to $1.40 approximately.

The disclosure came from Supt. Laurance Hill in his presentation of a tentative $8,961,748 budget for the operation of the district for the current fiscal year.

Public hearing on the proposed budget was set by the board of trustees for Wednesday, August 4 at 3 p.m. at the district office, 1224 Del Mar Avenue. The budget is slightly higher than the 1964-65 figure of $8,360,425.

Tax rate cut was coupled with a 6.65 per cent increase in assessed valuation of the district on the local secured roll, according to preliminary information.

Hill coupled his announcement of possible tax reduction with a reminder to the board that it may be necessary to consider a 25 cent tax rate increase election later this year. He explained that an authorized $1.25 tax rate approved by the voters for two years ended June 30, and the rate now drops back to $1.00, unless renewed authorization is given by the electorate.

OTHER ACTIONS

In other matters, the Board:

1) Welcomed new member Mrs. Dorothy Goble, elected in April, and offered a resolution commending William L. Murphy, her predecessor.

2) Took under advisement bids of four companies to provide relocatable classrooms at Leigh, Del Mar, Blackford and Westmont High Schools, and instructed Hill, Burge Clark, district architect, and a board member to be designated to examine proposed buildings to determine if they meet district specifications.

3) Heard without comment a report from Max Rafferty, State Superintendent of Schools, relating to a merit plan for classroom teachers.

4) Was informed by Hill that the University of California has turned over the function of accrediting high schools to the Western Association of Schools and Colleges. In the past, the district has won accreditation from both agencies.

5) Approved renewal of contracts with San Jose Unified School District on attendance agreements, with the City of San Jose on recreation programs at District school sites, and with the County Superintendent of Schools for services now being provided. In this latter regard, Hill suggested that consideration be given in the near future to creation by the district of its own audio visual department.

6) Approved contribution of $7,500 as the District's share of a $120,000 pedestrian crossing to be built over the Nimitz Freeway at Downing Avenue. This would enable students to walk over the freeway to school, thus eliminating the cost of two buses. Campbell Union Elementary School District and the City of San Jose will join with the State of California in bearing the cost of the crossing as part of the widening of the freeway between Camden Avenue and the Cupertino intersection.

The winner of the Campbell tournament will go to the sectional playoff in Walnut Creek. The regional tournament will be held in Utah, then the divisional in Santa Clara.

The world series will be held in National City in the San Diego area.

Joe Galiardi, who managed the Optimist team in the regular league season, is manager of the all-star aggregation again this year. Assisted by Gaetjen, he piloted the locals to the world crown without a defeat.

His coach this year will be Pete Raich, manager of Raich Dry Wall, champions of the Campbell-Moreland Pony League this season. The team compiled a 18-3 record during the regular season.

The team that will be fielded this year has only three carry-overs from last year's world champions. They are, Duane Kubo, of Raich; Andy Vasquez, and Mike Ucci, Opitmist.

Kubo plays second and pitches, while Ucci and Vasquez are outfielders. Ucci led the league in batting during the season with a fantastic .726 average.

Others picked for the all-star outfit and their team affiliation include Grant Shimizu, Steve Malone, Campbell Merchants; Kevin Barnes, Steve Kaneko, Smorgas; Greg Ojeda, Salinas Valley Savings; Rick Scott, Valley Athletic; Chuck Hawthorne, John Lobrovich, San Jose Lath; Buz Ridgway, Joey Avilla, Raich Dry Wall; Richard Lang, Bob Dekeyerel, Val Craft Marine.

Educator warns that time is running out

It is later than we think.

This was the sober warning this week of Edwin C. Browne, vice chairman of the West Valley College Board of Trustees during a discussion of campus needs and student body projections. Dr. Browne cited these statistics pertinent to student body growth.

Junior colleges must come to the rescue of lower division students. Last week Stanford University accepted one applicant out of 16. San Francisco State indicated it would have to turn away two to four thousand beginning students this year. San Jose State has estimated it will turn down 3,000 in September.

Up to 1,500 new residents are coming into the state every day.

Santa Clara County is the second fastest growing county in the state.

Population of the West Valley District was 198,600 in 1960; it is estimated to be 289,000 now and is expected to reach 335,725 by 1967.

Thirteen years ago Campbell High School within the West Valley district had one high school. Today it has six and has condemned land for two more. Its administrators expect an enrollment increase of 5,000 in the next five years.

Dr. Browne urged that "we get on with the job" of providing facilities for the increases to come.

San Jose State starts building science complex

Construction has started on the $5.5 million first phase of the new science complex at San Jose State College. The new laboratory facility is scheduled for completion in May, 1967.

The 190,000 square foot building is the first half of the complex which cost over $10 million for completed construction. The second half of the complex will be budgeted in 1966-67, will be approximately the same size as the one now under construction, and will cost $5.9 million. The complete complex is scheduled for completion in September, 1968.

Equipment for the new building will cost $1.5 million. Both parts of the new science complex will be financed by funds from past state bond issues. The federal government, under provisions of the Higher Education Facilities Act, has also approved a $1 million grant for the second half of the complex.

The complex will form an "H" across Fifth St. between San Carlos and San Salvador Sts.

West Valley board purchases more land for campus site

West Valley College Board of Trustees have approved purchase of an additional parcel of property in its proposed campus site at Fruitvale and Allendale Avenues in Saratoga.

The parcel, consisting of 2.65 acres and a dwelling, will be purchased from Jack and Mary Ellen Pierce for $31,800 as a result of negotiations with the Pierces. The price for the land alone, according to R. E. Arnold, dean of campus facilities, is "well within" the appraisal of $10,000 an acre.

The Pierce property brings the district's total holdings at the site to 35.65 acres, or about one-fourth of that originally proposed for the college's first campus.

Simultaneously, the trustees requested the administration to take measures to clear weeds and generally "tidy up" all properties of which it has already taken possession in order to keep fire hazards at a minimum.

In another action the Board approved for official publication a tentative 1965-66 budget of $4,520,531 and announced that a public hearing on the budget will be held August 5. The new proposal calls for an increase of more than $550,000 in the costs of instruction to accommodate a sharp increase in enrollment expected in the next academic year.

In other actions the Board:

Heard a report from President Wallace W. Hall indicating that 1274 returning students had already been programmed and 1787 new students had applied for programming thus far for the coming academic year and that registration applications are still being accepted. Total summer enrollment, Dr Hall said, is 1347 students.

Heard a report from Jerry H. Girdner, dean of student personnel services, that the college had been awarded $16,767 from the federal anti-poverty program for employing student help.

Unanimously approved a resolution commending Trustee Bruce F. Allen for outstanding service as chairman of the Board from May 6, 1963, until July 1, 1965.

Approved payment of financial claims totalling $109,926.

Authorized a call for bids on items of instructional equipment.

Approved renewal of an agreement whereby the district would use audio-visual materials furnished by the Santa Clara County Superintendent of Schools, during academic 1965-66 and at a total cost of $1000.

Approved a change order on fabrication of temporary classroom units to provide facilities for medical assisting instruction.

Approved inter-district attendance agreements with Cabrillo, Grossmont, Mount San Antonio, South County, Santa Rosa Junior College, and Glendale Unified Districts.

Appointed Kenneth Schock an instructor in business skills. Schock has a bachelor's and a master's degree from San Jose State College.

Appointed Mrs. Ann Kathryn Drexel of 189 Bland Ave., Campbell, as secretary to the dean of extended day and Joe G. Hernandez, 1020 S. Ninth St., San Jose, as custodian.

LEECHES FOR SALE

At one time, you could buy jars of leeches at most pharmacies. That was in the days when bleeding was considered a cure for many ailments. And leeches are good bloodletters! How lucky we are to be living in this age of modern medications, with effective—and pleasant—treatments for infections and other illnesses. Remember, reliable medications are important to you—they may mean the difference between pain and comfort . . . between life and death. So, when you are ill, see your physician first. Then come to us for the medicines *he* prescribes.

Easy Living

NEWS FROM HAMILTON MOBILE HOME PARK - The most desirable thing about Mobile Home living is there's hardly any work involved. All you have to do is mow a small strip of lawn, plant a few flowers or use colored stones. Then you can have the rest of your days to rest and relax.

Hamilton Mobile Home Park has teams that play shuffle board. Teams from other parks play with us and then we have refreshments in our attractive recreation hall. IRWIN FRANKS is president of the Men's Team and MRS. ADAMARIE LUNDSTROM is captain of the Women's Team. There was a game last Saturday for the men. The team from Town and Country Mobile Club were the contenders; the wives served luncheon after the game and a wonderful time was enjoyed by all.

Ninety people enjoyed a pot luck dinner and Bingo last week. MESDAMES GLADYS ROE, and BIRDIE VAUGHT were hostesses.

MR. AND MRS. PERCY L. HUBBLE are on vacation in Oregon. MR. AND MRS. DORA OMSTRON are moving to San Diego. KIM BRADFORD will spend a part of August at Clear Lake. That's all the news this time, but will try to have something interesting to report next week.

MRS. JAMES PAUL MANN
(Lonnie Hazle Meron)

Lonnie Meron is now Mrs. James Paul Mann

The Campbell Congregational Church was the setting for the wedding of Lonnie Hazle Meron and James Paul Mann recently. The couple exchanged wedding vows at an afternoon double ring ceremony officiated by Rev. Ed Cunningham. The bride was lovely in a white peau de soie and Chantilly lace gown featuring a short train. A pearl crown held her bouffant illusion veil in place and she carried a cascade of white carnations.

Three bridal attendents, Cheryl Palamar, maid of honor; Diane Tyler and Diane Smith, bridesmaids, preceded the bride down the aisle. They were dressed alike in royal blue gowns and carried cascades of blue tipped carnations with satin streamers.

Kedric Wolfe served as best man and the ushers were Tom Frazier and Larry Kelly.

A reception was held following the nuptials in the Fireside Room of the church. A blue and white decor was used at the bridal table where the couple cut a four tiered wedding cake. A buffet supper and champagne reception was also held later at the home of the bride's parents.

The newlyweds honeymooned in Carmel and Southern California and are now at home in San Jose.

Lonnie is the only daughter of Mr. and Mrs. Roy Stanley Meron of 327 Cloverdale Lane, Campbell. She is a graduate of Campbell High School and San Jose City College. She was also active in Job's Daughters, Bethel 174.

James is the son of John Mann of San Jose and Mrs. Grace Mann of Compton. He is a graduate of Compton High School and Compton College.

Pacific Telephone to begin refunds to customers August 2

California Public Utilities Commission has approved a plan for refunds to customers by The Pacific Telephone and Telegraph Company of more than $41,920,000, which will begin with credits on their bills dated August 2 and continue until completed with bills dated next September 1, according to Frederick B. Holoboff, commission president.

The amount to be refunded, as of June 30, is made up of $40,700,000 of refundable charges for service from July 20, 1964 to July 19, 1965, plus interest at 6 percent per year amounting to $1,220,000. In addition, an estimated $290,000 is subject to refund to users of coin telephones and an estimated $58,000 to guests of hotels and motels, both subject to application by individual users.

The refund period for any individual customer depends upon when he is billed during the month. The new rates were charged starting on June 20 and the last bills to be sent out at the new rates will be dated July 19. Refunds will be from July 20, 1964 to the last day billed at the old rates.

Rates were reduced by order of the commission, effective July 20, 1964, but Pacific Telephone appealed the decision to the State Supreme Court. The commission required the utility, during the period needed for court review, to set aside 4.7 percent of its revenues in order to make refunds if the decision was upheld. The Supreme Court upheld the reduction in rates, effective July 20, 1964.

recommended the double-faced rotating one. The applicant had agreed also to turn the sign off at 9 p.m.

In other actions, the commission,

--GRANTED extension of time for approval of plans of John Hellingsen for a professional official building at 1590 La Pradera.

--APPROVED a 6 x 40-foot roof sign for C. J. Toy at 1150 Dell Ave.

--APPROVED the plans for a plumbing shop and warehouse for R. V. Cloud at 3000 Winchester Blvd.

--GRANTED a variance to E. M. Mikkelsen at 439 Richlee, (Commissioner Homer Hyde voting no) to allow an addition to the existing residence which would modify the open space for yard.

--GRANTED a variance to Benjamin Brown, of 708 W. Bucknall, from the rear yard setback requirement to allow an addition to the existing home.

--APPROVED a zone change request of E. G. Fitzgerald from R-1 (residential) to P-D (planned development) on property at 1390-1398 Harriet Ave. The developer reported that it was planned to construct four single family units and a duplex unit in the rear. There are two residences on the property now.

The applicant explained that the development would tend to "clean up" the area through a residential complex plan that separated each unit but would allow a joint park in the rear.

--APPROVED a tentative subdivision map for 21 lots on property owned by Paul Werthman, M.D. located on Central Park Drive and Mc Glincey Lane. Commissioner Hal Lee voted against approval because the area is not yet in the city. A new state law, however, allows such action subject to final approval when the area is annexed. The developers have already applied for annexation, it was explained.

--APPROVED 50-foot setback for industrial building of Alois Crepinsek on Division at Dell. Plans for the building had previously been approved.

ON CAPITOL HILL

with "Charlie" Gubser

President Johnson's policy in Vietnam has received my enthusiastic support. I still support the principle that this nation has a moral obligation to assist the people of South Vietnam to resist the terrorist tactics of the communist Viet Cong. Americans cannot accept the murdering of civilians including women and children, the pillaging, the torturing, and the cruelty which characterizes Viet Cong tactics.

I do not question our determination to defea Communism in Asia. But with our recent commitments of increased manpower, I am seriously concerned whether we are going about it in the right way. It seems to me that escalating the ground war without expanded military effort to complement it is a one-sided strategy which has little, if any, chance of success.

For many weeks it has been well-known that ground to air missile installations (SAM sites) have been under construction in the vicinity of Hanoi. The press reports at least two of these sites in an operational condition except for the actual installation of the missiles themselves. Not to have destroyed these sites prior to their completion is indefensible and unforgivable. It cannot be written off as a necessary political decision which follows the tired line that such installations are "defensive" and to destroy them would be "provocative". This is the "Yalu River Policy" all over again. In Korea political decisions resulted in men sacrificing their lives without a fair chance to defeat an enemy. This is a mistake which should not be repeated.

Admittedly, political decisions must influence military policy. But how the destruction of missile sites built for the purpose of shooting down our pilots can be any more "provocative" than the destruction of a military barracks in the same area completely evades logical explanation.

It is well-known that the docks at Haiphong contain tremendous military fuel storage facilities and that material essential to the communist war effort flows freely to and from those docks. Numerous courses of action are possible, yet I have seen no published report of any strike against this vital military target. Could it be that political considerations prevent us from denying the use of these docks to England, France, Russia and other countries which deal freely with the Hanoi communist government?

To allow such targets to go unharmed on the basis of arbitrary political decisions and to escalate the ground war at the same time is "one-sided escalation" and military folly. As the French proved conclusively at Dien Bien Phu, it commits us to fighting a type of war we cannot win. Since the French debacle in 1953, the skills of the Viet Cong in terrorist and guerilla warfare have been increased so markedly that we have even less of a chance of winning a ground war than the French had.

SOCIAL SECURITY
Questons and Answers
U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
SOCIAL SECURITY ADMINISTRATION

Q. Just what earnings do I report on my SE reports for social security?

A. You report your net profit up to $4800 a year from the operation of your business. If you do not have as much as $400 in profit, you do not report anything. However, if you earned some wages, in addition to your self-employment income, the wages must be reported first. The maximum reportable from both self-employment and wages is $4800.

Q. I own and operate my own farm. Each year, I use some of my machinery on neighboring farms and am paid for this. How should this be reported for social security?

A. Generally, this is reported as self-employment income on your own Schedule F as machine hire.

Q. I have been getting social security benefits while having my only son in my care. I am only 45 years old and my son is 17 years old and he is now away in the Army. Do I have to report this, and would my social security be terminated?

A. Yes. Since you and your child are not living together and you do not exercise parental control and responsibility, you are not entitled to social security benefits for the months he is not in your care. However, your son's entitlement to monthly benefits will not terminate and he would be eligible to receive his checks for those months in which he does not earn more than $100 in wages nor render substantial services in self-employment.

Q. I will reach age 65 in 1968 and I worked through the year 1962. I have had a little farm income since then. Will my social security benefit be affected by the fact that I stopped working for wages in 1962? Also, my wife will reach 62 in 1968; will her benefit be reduced?

A. Your benefit rate will be based on your average earnings from either 1937 or 1951 up to the year 1968, when you reach age 65, with the 5 lowest earnings years dropped out in arriving at this average. It is probable that we will start with 1951, rather than 1937, since your earnings have probably been higher since then. Also, less years would be used in the computation of your average monthly wage by starting with 1951. In your case, we will drop the 5 years from 1963 through 1967 and use your average from 1951 through 1962. Your wife's benefit will be permanently reduced by 25 percent if she takes it at age 62. You might want to consider taking your benefit at age 62. Although it would be permanently reduced by 20 percent, you would be ahead in total payments for about 15 years by taking it at 62.

State resumes paying claims

There is a strong probability that a number of disabled residents of the Campbell area who are rightfully entitled to state hospital benefits won't receive them unless they act immediately.

That was the fear expressed this week by Vernon R. Johnson, district disability manager for the Department of Employment.

Manager Johnson's apprehension is based on the belief that some persons failed to claim hospital benefits between April 1 and June 25 after they learned of the suspension of hospital benefits because of the temporary insolvency of the disability fund.

With the signing by Governor Edmund G. Brown of AB241 (Zenovich), the disability fund refinancing bill, on June 25, the San Jose district disability office resumed payments of hospital benefits and also began paying all suspended claims.

"So far, my office has paid $240,000 in suspended hospital benefits. We have completed these payments, but we can't pay unless the claims are filed, and it is a certainty some persons who need this help and are entitled to it did not file claims in April, May and June because they reasoned they would get nothing," Johnson said.

The local executive of the Department of Employment said he had been authorized to accept late filings of hospital benefit claims throughout July. Claim forms may be obtained by writing to the District Office, Division of Disability and Hospital Benefits, the address of which is P. O. Box 637, San Jose.
